UV-Vis Solutions

Thermo Scientific UV-Visible Solutions

Upgrade your spectrophotometer to a Thermo Scientific™ Evolution™ 201 or a Thermo Scientific™ GENESYS™ 10S.

These proven spectrophotometers quickly and easily generate results that keep your laboratory moving forward.

Evolution 201 UV-Vis

- 2011 R&D Award Winner
- On board controls deliver answers faster
- Software integration for measurement control
- Research level accuracy and precision

GENESYS 10S UV-Vis and Vis

- Graphical display and integrated keypad
- SmartStart™ menu gets you working faster
- Long life xenon lamp
- Standard automated cell changer

Complete Thermo Scientific UV-Vis solutions are designed to move you from samples to answers faster. Contact your Fisher Account Manager to see what instrument is best for you.

Part Number	Item
10254038	Evolution 220 Computer Control UV-Vis
10161808	Evolution 201 Computer Control UV-Vis
COMING SOON	Evolution 200 Series Tablet Control Module*
12684765	GENESYS 10S Vis
12849742	GENESYS 10S Vis with Printer
