

## Sharps containers, UN approved, BS 7320, Sharpsbin 02

Designed to meet demands for strength, simplicity and value, the range offers outstanding protection against penetrating sharps and leaking fluids due to the rigid polypropylene construction and wall thickness. Manufactured to BS 7320: 1990, ISO 9002 standards and UN Packing Group II approved. All have clear British Standard markings, user instructions and a visible fill line.
